FALL - WINTER 2020/21

## Super Comfort

Original creators of the Total Flex & Comfort Walk concept, base of the flexible heel shoe, authentically comfortable, in Desireé we are inspired by the woman of today who looks for fashion without sacrificing comfort. Sophisticated and functional designs, based on ergonomic lashes that respect the anatomy of the foot without oppressing it, providing comfort and well-being on every step.

Y DESARROLLO TECNOLÓGICO

## Desireé values

**Comfort:** Comfort triangle of Desireé is the intelligent union between flexibility, softness and ergonomics resulting in a high-heeled comfort shoe.

**Flexibility:** It is the true secret of the comfort of Desireé, designed and manufactured to achieve maximum flexibility and forget that you wear them.

**100% Spanish product:** We look for excellence and this is given by the fact that the product is made in Spain, where exists a great tradition of quality footwear.

**Crafts:** The participation of our craftsmen, who put all their know-how gives as a results an excellent design, comfort and fashion for footwear.

**Relationship between quality and price:** The selection of first quality raw materials and the latest innovations and comfort technologies that make our shoes unique.

**Customer advice:** We listen to the client always and consider it for development and improvement of our collections.

**Current models:** Essential to walk elegant and comfortable on every occasion
